

KONSTSMIDE'S EXTENDABLE LED 31V-SYSTEM

Simple, safe and highly flexible – Konstsmide's LED 31V-system is the perfect way to decorate your house and garden! The system extends up to 1040 LED's or 100 metres while still keeping energy consumption extremely low. 1000 LED's use together less power than one 60W 'classic' light bulb!
